

MR GEORGE MASHAMBA

Chairman: The Integrity Commission
African National Congress (ANC)
Luthuli House – Johannesburg

Dear Mr Mashamba

INSIDE THE WOMB OF ANC DEPRAVITY

LONG WALK TO HUMANITY is the title we've chosen for *Fifty Questions & Answers*, placed under oath and attached for your attention. In court papers spanning a period of 17 years, Gold Reef City Casino, led by White Supremacists Solomon and Abraham Krok, provide a scary account of a corrupt relationship with the ANC. Our education is primarily about *organs of state*, violating statutory law at the behest of racist criminals. Among conscientised Afrikans, ***equality and the rule of law*** was the only promise worth hoping for in that ANC arrangement of 1994. Like the land, that too turns out to be false. Freedom Park Pretoria turns out to be stolen ideas. White and criminal, George Bizos SC turns out to be an agent of apartheid.

White ANC Ministers Alec Erwin and Rob Davies, politically accountable for racist fraud, are beyond the reach of your integrity commission precisely because White criminality, violence and human rights abuses, remain beyond the jurisdiction of our courts, post 1994. It may take time Mr Mashamba, but with true revolutionary education, our children, may yet grasp the gravity of betrayal in a judiciary that is controlled by racists. In this regard, we've provided watertight evidence of ANC collaboration with racists in a constitutional democracy.

The moment sitting President Nelson Mandela solicited a bribe from White Supremacists Solomon and Abraham Krok, he, violently so, ripped another thread in the quilt of our collective memory. It may take time Mr Mashamba, but eventually, with education rooted in the lived experience of the Black oppressed, we may yet bring voters to understand that integrity cannot possibly survive the depravity that birthed a government led by the African National Congress.
