Dear Chairman Raymond Zondo

DEFINITIVE STATE CAPTURE: YOUR REFERENCE: 31/1/SCC/497

THE SOUTH AFRICAN APARTHEID MUSEUM AT FREEDOM PARK (8 Words)

UNIQUE COMPANY REGISTRATION: 2001/019108/08

We did not know that you also serve as Chairman of the Judicial Services Commission until we heard you address the nation at the Constitutional Court on 03 October 2019. We were shocked when Chief Justice Mogoeng, *in your presence*, called on anybody to come forward with evidence of corruption in the judiciary. Our **JSC Complaint 489/2016** is a 250-page dossier, packed with hard evidence of judicial impropriety at the behest of Gold Reef City Casino, ***operating under a Public License***. We show how three Superior Courts, ***for 18 years***, flatly refused to hold the Executive and Legislature accountable to the Constitution. Hence, our pointed question on the legitimacy of your judicial inquiry.

You now have our allegations of criminality in the Gauteng Gambling Board and National Lotteries Commission. Beyond these two organs of state, it is the Registrar of Companies under the criminal non-white Commissioner Rory Voller who will best understand why JSC Complaint 489/2016 alleges that: **“THE SOUTH AFRICAN APARTHEID MUSEUM AT FREEDOM PARK” (8Words) is figment in the mind of a judiciary working against both law and evidence.”**

Chairman Zondo; our family cannot any longer absorb state violence and the grinding poverty it has left in its path. We have copied Voller and his political principals who, we allege, are ***criminal cadres in government***. Hopefully Minister Ebrahim Patel, unlike racist criminal Rob Davies, will IMMEDIATELY admit that the Registrar, on 07 May 2012, criminally so, fabricated an 81-page forgery - to lend legitimacy to the casino's NON-EXISTENT company.
