*"You know, every time I see you, I see money," Mandela said. 'Give me more money, Solly.' It was as though somebody had tickled the puny Krok twin; he giggled and promised that he would give more money." (Professor Zakes Mda 2011)*

Dear Professor Njabulo Ndebele

### NELSON MANDELA BEQUEATHS CRIMINALITY VIOLENCE AND DESTITUTION

We write to inform the Board of the Nelson Mandela Foundation, that we situate former President Nelson Mandela as the kingpin in the twenty-years of violence and criminality, that accounts for the TRUE story of our Registered Trademark: The Apartheid Museum®.

Violent White Zionist Criminals Solly and Abe Krok agreed to pay the bribe in that clandestine "endorsement meeting" at Mandela's Houghton home, early in 1999. That criminal transaction became the launchpad for a violent attack under a captured, **Judiciary; Executive; Legislature**. Violent White Racist Criminal **George Bizos SC**, appointed to the Judicial Services Commission by Mandela bequeathed a Judiciary of White and non-white criminals. This summary adds to our history of a sustained attack that spawned torture, trauma, violence, destitution, loss of dignity, and gross human rights abuses against my family and the family of The Es'kia Institute. Our attempts to engage with Jakes Gerwel, Achmat Dangor, Verne Harris and Sello Hatang, twelve years ago, yielded nothing but silence and collusion in the unlawful dispossession of our property, for the benefit of fascists who, *without regret or apology*, dehumanized Black bodies with hydroquinone and mercury, for 40 years under apartheid.

The Nelson Mandela Foundation, a *beneficiary of that bribe*, relentlessly pontificates “caring” humanitarian myths about Mandela whose violence against my children, for the sheer scale of it, transcends that of the Racist Apartheid Regime, *that included Jews*. Our affidavit titled “**Long Walk To Humanity**” submitted to the Integrity Commission of the ANC concludes:

*“The moment Head of State, President Nelson Mandela, solicited a bribe from White Supremacists, Solomon, and Abraham Krok, he ripped another thread in the quilt of our collective memory. The timeline, on the version of Gold Reef City Casino, clearly shows the White Supremacists then moving as an emboldened force with untrammelled power through every organ of state that had a constitutional obligation to stop them; to bring an end to the injustices of our past.”* **The African National Congress, led by Nelson Mandela, on our unchallenged evidence, is a depraved White idea.**
